This camp is geared toward dancers who want to continue technique development during the summer. The three hour long camp will explore technique & choreography of different dance disciplines with different instructors. On Friday of each camp the dancers will participate in an audition. The audition day is important, as the dancer will learn what is like to audition for a panel of judges in a non-threatening, safe, and positive environment. If you are interested in joining Shoreline's Performance Company it is mandatory you attend one of these camps. The intensive camp and the Shoreline Company are for dancers ages 8 & up.

****Potential company members please note company choreography will be scheduled the week of August 10th-27th****
